Shimizu Terminal Holds Learning Sessions for Students at Nearby Elementary School

The Shimizu terminal (Shimizu-ku, Shizuoka City, Shizuoka; manager: Toshihiko Okamoto) of Tonengeneral Sekiyu K.K. (head office: Minato-ku, Tokyo; representative: Jun Mutoh) held learning sessions at nearby Shimizu Sodeshi Elementary School for three classes of fourth-graders (around 100 students) on July 14.

The sessions, held in response to requests made by teachers of the school at a theatrical performance held in June to celebrate the terminal's 77th anniversary, were presented under the theme "let's learn about oil", and covered oil as well as environmental efforts. The sessions began with a general explanation of oil, including types, applications and usage volumes, followed by information about the Tonengeneral Group and the Shimizu terminal, and concluded with an explanation of the Group's environmental initiatives. The students asked many questions, such as "Will we run out of oil someday?", "Where besides the Middle East is crude oil found?", and "How much are the usage volumes if converted to money?" The sessions were a good opportunity for the students to deepen their understanding of oil and the environment.

The Tonengeneral Group will continue its active implementation of social contribution initiatives.
