Shimizu Terminal Holds Interactive Event for Children

The Shimizu terminal (Shimizu-ku, Shizuoka City, Shizuoka; manager: Toshihiko Okamoto) of Tonengeneral Sekiyu K.K. (head office: Minato-ku, Tokyo; representative: Jun Mutoh) held an interactive event called “The Amazing World of Oil ? Let’s Refuel at Maaru Service Station!!” at Kodomo Creative Town Maaru in Shizuoka City on August 2. Fifty-seven children took part in the event, which was held for the second consecutive year. After learning some basic facts about petroleum and how an engine runs on gasoline, the children were given the opportunity to simulate refueling operations, using Speedpass and other means, at a mock service station. Through comments such as, “I never knew plastic bottles were made from oil!” the children expressed surprise at the number of petroleum-derived products used in their daily lives, and put their best efforts into the simulated refueling operations.

The Tonengeneral Group will continue to contribute to local communities through a wide range of activities.
