Kawasaki Refinery Hosts Tonomachi Elementary School Field Trip

The Kawasaki refinery (Kawasaki-ku, Kawasaki City, Kanagawa; refinery manager: Fumito Fujii) of Tonengeneral Sekiyu K.K. ("Tonengeneral"; head office: Minato-ku, Tokyo; representative: Jun Mutoh) welcomed 93 fifth-grade students from nearby Tonomachi Elementary School for a refinery tour as part of a social studies field trip.

After arriving at the refinery, the students listened to explanations by refinery employees of some basic facts about oil, as well as Tonengeneral's safety-first approach to operations. They then boarded a bus for a tour of the refinery, during which they observed large refining units, complex arrangements of pipes, and other equipment.

After a walking tour of the tank truck terminal, completed this year, and freight shipping facilities, the students took part in mock firefighting exercises simulating actual fire brigade training carried out by the Environment & Safety Control Department's Fire Prevention & Guard Section.

The field trip was very productive, and was a valuable opportunity for the students to gain knowledge and experience outside the scope of their normal activities.

The Tonengeneral Group will continue to make social contributions through a variety of activities.
