Publication of the ENEOS REPORT Integrated Report 2026

ENEOS Holdings, Inc. announces the publication of the ENEOS REPORT Integrated Report 2026 (the “Report” hereinafter).

The Report has been prepared with a focus on providing stakeholders with a clear and comprehensive overview of the ENEOS Group’s approach to, and progress in, its initiatives to achieve the objectives set forth in the Fourth Medium-Term Management Plan and the Carbon Neutrality Basic Plan 2025 Edition, both announced in May 2025.

In addition, the Report presents the ENEOS Group’s value creation story and outlines the future direction of management, in which we will leverage the strengths we have developed over the years.

The Report also provides disclosure of the Group’s initiatives for realizing carbon neutrality in accordance with the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD).
