**JXTG Holdings becomes a constituent of the  
FTSE4Good Index Series and the FTSE Blossom Japan**

JXTG Holdings, Inc. announces its inclusion in FTSE Russell's FTSE4Good Index Series and FTSE Blossom Japan Index on June 18, 2018

The FTSE4Good Index Series, which is determined by environmental, social and governance (ESG) practices in accordance with FTSE Russell's independent assessment criteria, is used as a benchmark for sustainable investment by ESG-focused investors.

The FTSE Blossom Japan Index focuses on the ESG performance of Japanese companies. The Government Pension Investment Fund (GPIF) of Japan selected the index as one of its ESG benchmarks in July of last year.

Selection for these indexes was based on an assessment of the JXTG Group's ESG management performance and information disclosure. ESG is a top priority of the JXTG Group, and we will continue to set ESG-related targets and work toward the achievement of ESG initiatives.
