Spring Blood Drive at TonenGeneral Sekiyu Sakai Refinery

A blood drive was held by the Japanese Red Cross Osaka Blood Center at the Sakai refinery (Sakai, Osaka) of TonenGeneral Sekiyu K.K. (head office: Minato-ku, Tokyo; president: Jun Mutoh) on April 18. Thirty-nine donors from the refinery (including new employees) and contractor companies participated in the drive, held at the refinery for the forty-first time.

The TonenGeneral Group believes that as a good corporate citizen, contributing to society while continuously working to maintain safety and health, protect the environment and respond to climate change issues is an important corporate responsibility. Cooperation in blood donation efforts is one of the Group's many social contribution activities.

About the TonenGeneral Group

The TonenGeneral Group comprises TonenGeneral Sekiyu K.K. and its related companies and subsidiaries including EMG Marketing Godo Kaisha and Tonen Chemical Corporation. Elements of the Group began operations in Japan in 1893. With an emphasis on safety and the environment, the Group's operations are involved in all aspects of the supply chain, from crude export, refining and production to distribution and sales. We will continue to provide a stable supply of energy as we strive to be an energy company that moves Japan into the future. TonenGeneral Sekiyu is listed on the first section of the Tokyo Stock Exchange. For more information, see our website at www.tonengeneral.co.jp.
