TonenGeneral Sekiyu K.K. Shimizu Terminal Holds Extracurricular Activities for Local Elementary School Students

TonenGeneral Sekiyu K.K. (head office: Minato-ku, Tokyo; president: Jun Mutoh) held extracurricular activities at its Shimizu terminal (location: Shimizu-ku, Shizuoka; manager: Toshihiko Okamoto) for 113 fifth-grade students of nearby Sodeshi Elementary School on October 20.

During the first half of the program, after listening to an introduction of the TonenGeneral Group, the students gained basic knowledge of the terminal and petroleum by learning about disaster response and prevention efforts at the terminal and looking at samples of petroleum products including gasoline, kerosene and diesel. In the second half, they learned about safety efforts at the terminal, including regular training and drills, through up-close observation of features including shore protection facilities, oil retaining walls, fixed firefighting foam systems on tanks, and the terminal's three firefighting vehicles.

The TonenGeneral Group believes that a company is one of the citizens that make up society, and we strive to be a good corporate citizen in all of the communities where we operate. In accordance with this principle, we implement extracurricular activities for students of a local elementary school as one of our social contribution activities.
